1980 Index

The index is organized on a country-by-country basis followed by a regional category and a separate section on US involvement in southern Africa. This index does not include article from the Action News and Notes and News Briefs sections for the magazine.

The first number in each entry refers to the issue and the second indicates page(s). Volume XIII consists of nine issues from January to December 1980. Cross listings are extremely limited. The Special Supplement on Women is not included in the index although most of the articles appearing in it were also included in issue number 4.

Major articles in Southern Africa *are indexed in the* Public Affairs Information Service *(PAIS).* Southern Africa *is also indexed in the* Alternative Press Index *and is available on microfilm from University Microfilms.*
